Subject: Letter from Tom Yocom (and Bill Riley) to Dennis McClerran

Dear Rick:

As I told you in my phone call this morning, Bill and I prepared a thank-you letter to Dennis McClerran for allowing us to brief EPA about our report concerning the Pebble ore deposit. I have appended a scanned copy of the letter that is going out in today's mail.

Bill and I hope our briefing was useful to EPA staff, and although we respond in the attached letter to one of the questions posed during our February 14 briefing, we suspect that there may be other questions or comments that remain. We encourage EPA staff to contact us if we can help shed light on any of these areas of concern.

Thanks again.

Tom
